

LEGO® Robotics

workshop

WEDNESDAY 25th July

Morning at 9.30am

Open to children from

AGES 7 to 11

Limited places.

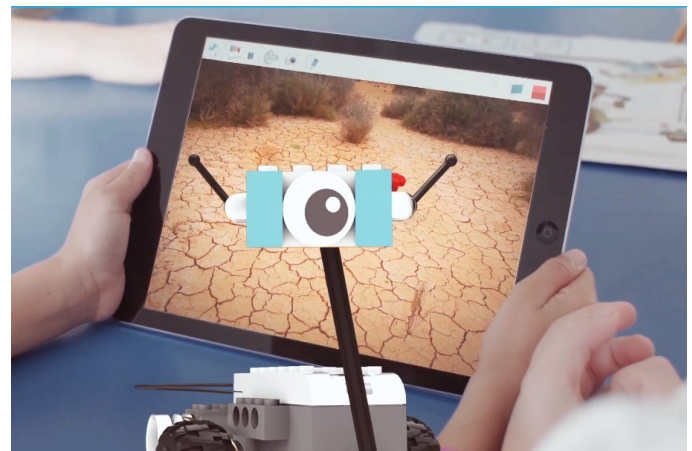

Join us for a fun packed club creating programmable robots using the amazing LEGO® WeDo 2.0 models.

Each session children create an exciting new model using our fantastic LEGO® kits which include a range of gears, pulleys, levers and many more exciting mechanical parts. Individual models combine a motor and a smart hub which allows them to be programmed using Bluetooth and the LEGO® coding app. Working in pairs with the extensive modelling kit, all children gain hands on experience with construction and coding in a visual language.

Key information

- ⇒ Open to children aged 7 to 11.
- ⇒ Workshop starts at 9.30am and finishes at 12.30pm
- ⇒ Each session is £15.00 for 3 hours.
